BID SUMMARY

Bidder: Commonwealth Construction & Utilities, Inc.

Bid – 2019 Water Distribution System Improvements

Total in Figures: \$ 1,818,750.⁰⁰

Total in Words: One million eight hundred eighteen thousand

seven hundred fifty dollars and ⁰⁰/₁₀₀ —

The above estimated quantities are an approximate statement of the extent of the work to be done; the Town does not expressly or by implication agree that the actual amount of work will correspond therewith but reserves the right to increase or decrease the amount of any class or portion of the work or to delete certain items of work, as may be deemed necessary, to keep within available funds.

The undersigned as bidder, agrees that for extra work, if any, they will accept compensation as stipulated in the annexed form of CONTRACT.

If this proposal shall be accepted by the Town, and the undersigned shall fail to execute the contract for the work and deliver same to the Town, together with the duly executed Performance Bond and Labor and Material Payment Bond, with sureties satisfactory to the Town, within ten (10) days from the date of mailing of a notice from the Town to them at the address herein given that the proposed contract is ready for execution, then the Town at its option may determine that the undersigned has abandoned the said contract and thereupon if it so determines, the bid security accompanying this proposal shall become the property of the Town as liquidated damages; otherwise the accompanying security shall be returned to the undersigned.

All bidders will be required to show that they have previously completed projects of the same type in a satisfactory manner, namely, the removal of existing water mains and the installation of new water mains in residential, commercial, and/or otherwise confined areas congested with numerous structures, conduits, high voltage-oil filled electric pipe lines, public and private utility lines, manholes, etc., where careful and time consuming excavation and backfilling is required to protect existing lines and structures.

The bidder awarded this contract will have to show that they have successfully completed at least three (3) contracts of similar work at a value of \$750,000 or more in the previous five (5) years.

In addition, if the successful bidder contemplates using sub-contractors, said sub-contractor will be held to the same standards as noted above.

Before starting work, the contractors (includes the general contractor, for itself and its subcontractors, as well as all filed sub-bid contractors) will submit plans for achievement of the equal opportunity goals of the contract. All contractors will be required to make a good faith effort to achieve these goals. The plan will indicate if the contractors expect to achieve the requirements during the first quarter. If there are any reasons why the contractors do not expect to achieve the requirements during the first quarter year of the contract construction phase, then the contractors shall provide a plan calculated to address, to the extent reasonably possible, these obstacles to a good faith effort to achieve such goals.

Not more than ten days following the end of each work quarter, the contractors will report on the achievement of the goals, the detailing the good faith efforts that have been made and will continue to be made and any other appropriate efforts not yet undertaken.

All reports will be signed by an officer or principal of the company who has the authority to contractually obligate the company.

The contractor shall maintain as a goal on this project a not less than five percent ratio of women work force to total project hours in both the general contract and each individual filed sub-bid contract.

A Labor Scheduling Table, which will be used as a tool for achieving a range of women work force participation for the entire project, in both the general contract and each individual filed sub-bid contractor, shall be submitted to the Town.

If the bidder can give the name and address of the surety company that will sign the bonds or state the other security to be offered, they are requested to do so below.

Surety Company Name: Western Surety Company

Address: 151 North Franklin St. Chicago, IL 60606

A. Financial Statement

The bidder is required to furnish a financial statement and give references that will enable the Town to judge their business standing.

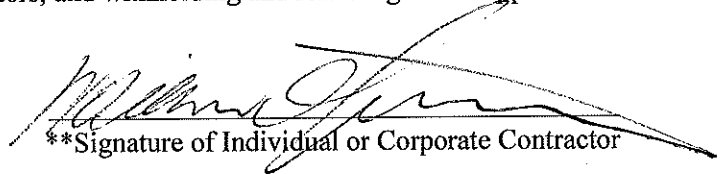

B. Bidders Experience Record

The bidder is required to state below, or provide as an attachment, a list of work they have done of a character similar to that work included in the proposed contract and give references that will enable the Town to judge their experience and skill. The bidder awarded this contract will have to show that they have successfully completed at least three (3) contracts of similar work at a value of \$750,000 or more in the previous five (5) years.

See attached

C. Certification of Tax Compliance

Pursuant to MGL c. 62C, § 49A and requirements of the Town of Arlington, the undersigned acting on behalf of the Contractor certifies under the penalties of perjury that the Contractor is in compliance with all laws of the Commonwealth relating to taxes including payment of all local taxes, fees, assessments, betterments and any other local or municipal charges (unless the Contractor has a pending abatement application or has entered into a payment agreement with the entity to which such charges were owed), reporting of employees and contractors, and withholding and remitting child support.*
